Activity > Year Level > Curriculum area. The Content Description codes link to the [Australian Curriculum website](#).

Aquatics, Archery & Gym Time

After safety instruction students are introduced to a variety of new personal and group activities, skills and games.

Year 5-6

PE & Health

- Learn and apply safety strategies [ACPPS054](#)
- Connect to natural environments through participation in outdoor activities [ACPPS059](#)
- Learn and practice specialized movement skills [ACPMP061](#)
- Applying movement concepts and strategies [ACPMP063](#)
- Participate in physical activities [ACPMP064](#)
- Manipulating effort, space, equipment and people [ACPMP065](#)
- Participate in activities that create community connections [ACPMP066](#)
- Participate positively in groups [ACPMP067](#)
- Creatively solve movement challenges [ACPMP068](#)
- Play fairly in physical activities [ACPMP069](#)

Caving

Using appropriate safety equipment, students explore a cave system, learn of its historical importance to local Aboriginal people and fossick for rocks and fossils.

Year 5

Year 6

HASS

- The influence of Aboriginal Peoples on Australian places [ACHASSK112](#)
- Exploring how environmental characteristics influence human settlement [ACHASSK113](#)

Science

- Light forms shadows [ACSSU080](#)
- Living things are affected by their physical conditions – a record is left in fossils [ACSSU094](#)
- Geological changes and weather events can effect the environment [ACSSU096](#)

Murray River Ecology

Students are introduced to the Murray River ecology through a boat trip and landings. They observe bird and marine life, visit an Aboriginal midden and see the effect of human and environmental changes to the Murray River landscape.

Year 5

Year 6

HASS

- Exploring how colonial presence influenced patterns of development [ACHASSK107](#)
- The influence of Aboriginal Peoples on Australian places [ACHASSK112](#)
- Exploring how environmental characteristics influence human settlement [ACHASSK113](#)
- How floods and drought impact on environments and people [ACHASSK114](#)
- How individuals and groups contribute to society [ACHASSK137](#)

Science

- The structural features and adaptations of living things [ACSSU043](#)
- Liquids such as water have observable properties [ACSSU077](#)
- Living things are affected by their physical conditions [ACSSU094](#)
- Geological changes and weather events can effect the environment [ACSSU096](#)

Murray Mallee Ecology

Students explore an area of Murray Mallee, observing the environment and wildlife, visiting an abandoned homestead, hiking through a section of scrub and observing relics of pioneer settlement.

Year 5

Year 6

HASS

- Exploring how colonial presence influenced patterns of development [ACHASSK107](#)
- Investigating how development and events impact early colonies [ACHASSK108](#)
- The role that significant groups played in colonization [ACHASSK110](#)
- Exploring how environmental characteristics influence human settlement [ACHASSK113](#)
- How floods and drought impact on environments and people [ACHASSK114](#)

- How individuals and groups contribute to society [ACHASSK137](#)

Science

- The structural features and adaptations of living things [ACSSU043](#)

- Living things are affected by their physical conditions [ACSSU094](#)

Sunnydale Farm Adventures

Students travel to Sunnydale Farm by bus where they observe sheep-shearing and wool-sorting. They have the opportunity to observe and sometimes hold Australian wild-life and participate in a variety of old colonial pastimes.

Year 5

Year 6

HASS

- Exploring how environmental characteristics influence human settlement [ACHASSK113](#)

- How individuals and groups contribute to society [ACHASSK137](#)

Science

- The structural features and adaptations of living things [ACSSU043](#)

- Living things are affected by their physical conditions [ACSSU094](#)

Yabbies

Students visit a yabbie farm where they are introduced to its life-cycle, farming and place in the local ecology. Students participate in a catch and release activity.

Year 5

Year 6

HASS

- Exploring how environmental characteristics influence human settlement [ACHASSK113](#)
- How floods and drought impact on environments and people [ACHASSK114](#)

Science

- The structural features and adaptations of living things [ACSSU043](#)

- Living things are affected by their physical conditions [ACSSU094](#)
